# 12" Wide See-Through Metal Lockers

see [lockers.com](http://lockers.com) for additional specifications and pricing

## 12" WIDE SEE-THROUGH LOCKERS

5' HIGH AND 6' HIGH

**SINGLE TIER, DOUBLE TIER, TRIPLE TIER, FOUR TIER AND BOX STYLE**

Constructed of 16 gauge steel, Salsbury 12" wide see-through lockers are available in single tier, double tier, triple tier, four tier and box style and are available in heights of five (5) feet and six (6) feet (add 6" for legs). These lockers feature polycarbonate see-through door panels that provide maximum visibility. See-through lockers meet the growing need for lockers in industrial, retail, recreational and office facilities where a view of the locker contents is desired. These durable see-through lockers are available in one wide and three (3) wide units and 12", 15" and 18" depths. 12" wide see-through lockers are available in a gray, tan or blue powder coated finish and as unassembled or assembled units. 12" wide see-through lockers include an adjustable hat shelf, three (3) single wall hooks and a double prong ceiling hook. The 18" deep single tier see-through lockers also include a coat rod that can accommodate full length garments. Sloping hoods, finished end panels, end bases, front bases, compartment shelves, fillers and lockers without legs are available as options upon request – see all metal locker options and locks on pages 34-35 and online at [lockers.com](http://lockers.com).

## LOCKER FILLERS

Salsbury locker fillers are an ideal option for locker installations that encounter obstructions such as pipes, columns and other obstacles. Corner and in-line top fillers overlap the existing locker tops and are easily attached with hardware (included) providing a finished look to the locker installation. Vertical front fillers include a wall angle slip joint that conceals uneven edges and provides a professional appearance to the locker installation. Locker fillers can be easily field cut for custom installations.

# 24" Wide Standard Open Access Lockers

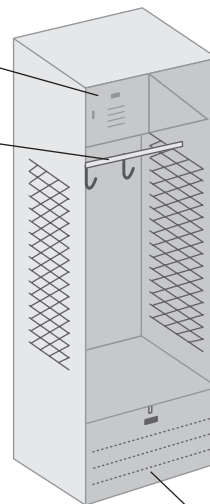

## 24" WIDE STANDARD OPEN ACCESS LOCKERS

Constructed of 16 gauge steel, Salisbury 70000 series standard open access lockers provide a large open and ventilated space for clothing, uniforms and many other applications. Available in 18" and 24" depths, standard open access lockers are two (2) feet wide and six (6) feet high and are available in a gray, tan or blue powder coated finish and as unassembled or assembled units. Standard open access lockers feature a 13-3/4" deep upper shelf with a 12" W x 12-1/2" H top compartment with a strong steel hasp assembly. Standard open access lockers also include two (2) single wall hooks, a coat rod and a 14" high foot locker. The foot locker includes a hinged lid and a vented front panel with a padlock hasp for secure equipment storage. Built-in locks (#77710 for combination and #77715 for key) and padlocks (#77720 for combination and #77725 for key) are available as options upon request for the top compartment. Combination and keyed padlocks (#77720 and #77725) are available as options upon request for the foot lockers. See standard open access locker options and locks on page 37.

# 24" Wide Standard Gear Lockers

## 24" WIDE STANDARD GEAR LOCKERS SOLID DOOR AND VENTED DOOR

Constructed of 16 gauge steel, Salsbury standard gear lockers are ideal when a secure environment for equipment, uniforms, clothing and many other applications is needed. Available in 18" and 24" depths, standard gear lockers are available with a solid front door panel (#71024) or a vented front door panel (#72024) that measure 22" W x 56-3/8" H x 3/4" D. Doors open from left to right and are attached to the gear locker with four (4) heavy duty hinges allowing for smooth operation. Measuring 18" or 24" deep, standard gear lockers are two (2) feet wide and six (6) feet high. They are available in a gray, tan or blue powder coated finish and as unassembled or assembled units. Standard gear lockers feature a 13-3/4" deep upper shelf with a 9-7/8" W x 11-5/8" H top compartment with a strong steel hasp assembly. They also include two (2) single wall hooks, a coat rod and a 14" high foot locker. The foot locker includes a hinged lid and a vented front panel with a padlock hasp for secure equipment storage that accommodates combination and keyed padlocks (#77720 and #77725) are available as options upon request for the master door and the interior top compartment. Combination and keyed padlocks (#77720 and #77725) are available as options upon request for the foot lockers. See standard gear locker options and locks on page 39.

## STANDARD GEAR LOCKER FEATURES

*Standard gear locker front doors feature a 12" W x 12-1/2" H x 13-3/4" D top compartment with a strong steel hasp assembly that can accommodate built-in locks (#77710 for combination and #77715 for key) and padlocks (#77720 for combination and #77725 for key). Standard gear lockers also include two wall hooks, a coat rod and a 14" high foot locker. The foot locker includes a hinged lid and a vented front panel with a padlock hasp for secure equipment storage that accommodates combination and keyed padlocks (#77720 and #77725).*

*Note: It is recommended that all lockers be wall and/or floor anchored.*
