

Designer Wood Locker Benches

DESIGNER WOOD LOCKER BENCHES

Constructed of industrial grade particleboard and covered with durable high pressure laminate, Salsbury designer wood locker benches are 1-1/4" thick and are an excellent addition to industrial, office or recreational locker room facilities. Designer wood locker benches are available in six (6) lengths ranging from 36" to 96" in one foot increments and are easily assembled. Designed for interior use, the seating area is available in a gray, blue, black, maple, cherry or mahogany finish that match the Salsbury designer lockers (see designer lockers on pages 58-83). Each designer wood locker bench is 18"H x 9-1/2"D and includes two (2) 3" diameter bolt mounted aluminum pedestals with four (4) mounting holes to secure to the ground. Pedestals feature a durable powder coated black finish. Minor assembly is required.

Note: It is recommended that all benches be floor anchored.

DESIGNER WOOD ADA LOCKER BENCHES

Salsbury designer wood ADA locker benches combine a traditional look with strength and durability and are an excellent addition to facilities that require accessibility. Constructed of industrial grade particleboard and covered with durable high pressure laminate, the seating area is 1-1/4" thick, 20" deep, 42" wide and 18" high. Designer wood ADA locker benches are available in two (2) configurations, one with back support (39" high) and one without back support (18" high). Designer wood ADA locker benches with back support can be placed in an open area while those without back support are designed to be installed flush against a wall. Each seating area meets ADA requirements and include four (4) 3" diameter bolt mounted pedestals with two (2) mounting holes to secure to the ground. Pedestals feature a durable powder coated black finish. Minor assembly is required.
