

See-Through Designer Lockers

SEE-THROUGH DESIGNER LOCKERS SINGLE TIER, DOUBLE TIER, TRIPLE TIER AND BOX STYLE

Constructed of industrial grade particleboard and covered with durable high pressure laminate, Salsbury S-31000, S-32000, S-33000 and S-36000 series see-through designer lockers feature polycarbonate see-through door panels that provide maximum visibility. See-through designer lockers are ideal for professional environments and meet the growing need for lockers in industry, retail, office and recreational facilities where a view of the locker contents is desired. The attractive see-through designer lockers feature a gray, blue, black, maple, cherry or mahogany finish and are available in 15", 18" and 21" depths. Optional matching laminated sloping hoods and side panels easily attach to an individual locker or a row of lockers. Single tier see-through designer lockers include a full-depth hat shelf, an 11-3/4" deep shoe shelf, a 5" deep shelf and a double prong ceiling hook. Double tier and triple tier see-through designer locker compartments feature a 5" deep shelf and a double prong ceiling hook. All locker doors are 12" W x 3/4" D and include heavy duty concealed hinges and a lift up handle and recessed hasp for added security. See-through designer lockers include a 4" high black base and measure six (6) feet high (add 4" for the base). One wide see-through designer lockers are available as fully assembled units only. Three (3) wide see-through designer lockers are also available as fully assembled units only and require minor assembly - see all designer locker options and locks on pages 58-59.

FILLERS - FOR LOCKER INSTALLATIONS WITH FLAT TOPS

Salsbury locker fillers are an ideal option for locker installations that encounter obstructions such as pipes, columns and other obstacles. Corner and in-line flat top fillers overlap the existing locker tops and are easily attached providing a finished look to the locker installation. Vertical front fillers provide a professional appearance to the locker installation. Locker fillers can be easily field cut for custom installations.
