

24" Wide Standard Gear Lockers

24" WIDE STANDARD GEAR LOCKERS SOLID DOOR AND VENTED DOOR

Constructed of 16 gauge steel, Salsbury standard gear lockers are ideal when a secure environment for equipment, uniforms, clothing and many other applications is needed. Available in 18" and 24" depths, standard gear lockers are available with a solid front door panel (#71024) or a vented front door panel (#72024) that measure 22" W x 56-3/8" H x 3/4" D. Doors open from left to right and are attached to the gear locker with four (4) heavy duty hinges allowing for smooth operation. Measuring 18" or 24" deep, standard gear lockers are two (2) feet wide and six (6) feet high.

They are available in a gray, tan or blue powder coated finish and as unassembled or assembled units. Standard gear lockers feature a 13-3/4" deep upper shelf with a 9-7/8" W x 11-5/8" H top compartment with a strong steel hasp assembly. They also include two (2) single wall hooks, a coat rod and a 14" high foot locker. The foot locker includes a hinged lid and a vented front panel with a padlock hasp for secure equipment storage. Built-in locks (#77710 for combination and #77715 for key) and padlocks (#77720 for combination and #77725 for key) are available as options upon request for the master door and the interior top compartment. Combination and keyed padlocks (#77720 and #77725) are available as options upon request for the foot lockers. See standard gear locker options and locks on page 39.

STANDARD GEAR LOCKER FEATURES

Standard gear locker front doors feature a 12" W x 12-1/2" H x 13-3/4" D top compartment with a strong steel hasp assembly that can accommodate built-in locks (#77710 for combination and #77715 for key) and padlocks (#77720 for combination and #77725 for key). Standard gear lockers also include two wall hooks, a coat rod and a 14" high foot locker. The foot locker includes a hinged lid and a vented front panel with a padlock hasp for secure equipment storage that accommodates combination and keyed padlocks (#77720 and #77725).

Note: It is recommended that all lockers be wall and/or floor anchored.

**For units without front door panels, see open access lockers on pages 36-37
