

Storage Lockers

STORAGE LOCKERS SINGLE TIER AND DOUBLE TIER

Constructed of 4 gauge galvanized welded wire and 14 gauge galvanized steel frames, 8100 and 8200 series storage lockers are ideal for apartment complexes, community garages and many other storage applications. Measuring 90" high, single tier and double tier storage lockers are available in 36" and 48" widths and 36", 48" and 60" depths. Single tier storage locker starter units include one single tier door with a padlock hasp and two (2) side panels. Single tier add-on units include one single tier door and one side panel. Double tier storage locker starter units include two (2) doors with two (2) padlock hasps, two (2) side panels and one shelf. Double tier add-on units include two (2) doors, one side panel and one shelf. Locker tops, backs and shelves are available as options upon request. Shelves can accommodate contents up to 125 pounds per shelf evenly distributed. Optional padlocks (#8820 for combination and #8825 for key) are also available as options upon request - see storage locker options and locks on page 117. All units are delivered unassembled.

Note: Begin with a starter unit and attach add-on units, tops, backs and shelves as needed. All single tier and double tier starter and add-on units easily attach to each other. It is recommended that all lockers be wall and/or floor anchored.
