

Welded Industrial Storage Cabinets

WELDED INDUSTRIAL STORAGE CABINETS

Constructed of 14 gauge steel, Salsbury fully assembled 7100 series industrial storage cabinets feature an all welded design and are ideal for warehouses, factories and environments where a durable, industrial strength storage cabinet is needed. Measuring 24" wide and 72" high, the single door or three (3) door industrial welded storage cabinets are available in a durable gray, tan or blue powder coated finish. Industrial welded storage cabinet doors include a continuous hinge and recessed handle and hasp and can accommodate a built-in lock (#7110 for combination and #7115 for key) and padlock (#7120 for combination and #7125 for key). Single door industrial welded storage cabinets (#7121) are 24" deep and include three (3) fixed shelves which can accommodate contents up to 300 pounds per shelf evenly distributed. Three (3) door industrial welded storage cabinets (#7123) are also 24" deep and include three (3) individual doors and compartments that measure 24" W x 24" H. Each of the three (3) compartments can accommodate contents up to 300 pounds evenly distributed.

Welded Military Storage Cabinets

WELDED MILITARY STORAGE CABINETS TA-50 AND COMBINATION

Constructed of 14 gauge steel, Salisbury fully assembled 7100 series TA-50 and combination storage cabinets are all welded and ideal for warehouses, factories and military applications where an industrial strength storage cabinet is needed. Measuring 36" wide, 78" high and 24" deep, the two (2) door welded military storage cabinets feature vented doors, tops and side panels that provide visibility and maximum air flow and are available in a durable gray, tan or blue powder coated finish. Welded military storage cabinet doors are 17" wide, include continuous hinges and feature a channel reinforced design for added strength and security. TA-50 welded military storage cabinets include a fixed top shelf and a 36" wide coat rod that can accommodate full length garments. Combination welded military storage cabinets include three (3) 18" wide shelves that are fastened with heavy duty rivets and a 16" wide coat rod that can accommodate full length garments. Shelves in both units can accommodate contents up to 300 pounds per shelf evenly distributed. Each cabinet includes a 4" steel handle with a built-in three (3) point locking mechanism and can accommodate a built-in lock (#7110 for combination and #7115 for key) and padlock (#7120 for combination and #7125 for key).
